

URGENT CARE – PHYSICIAN

Part time, in a Hospital-Employed Practice in Sunny Eastern Washington

JOB DESCRIPTION

Join a progressive Urgent Care clinic as a part time hospital-employed physician, and become a part of a great healthcare system (Lourdes Health). You will experience a positive, open, yet progressive culture which fosters a high level of collaboration and communication between providers, staff, and administration.

Our professional Urgent Care team supports a very busy practice open daily. We are looking for a Family Medicine physician to join our team of physicians and advanced practice providers. Both our own internal network of approximately 40 multi-specialty providers and our fast growing community is in need of additional Urgent Care services. Our provider compensation is very competitive, with robust benefits.

ABOUT LOURDES

Lourdes Health has a community Critical Access hospital with 25 beds in Pasco, Washington, inpatient rehabilitation unit, occupational health clinic, urgent care, two multi-specialty clinics and wrap-around behavioral health services in Richland, Washington.

We are a faith based organization and a ministry of LifePoint Health. **As part of our mission, we are focused on the highest quality of patient care and customer service, with a focus on serving our community's most vulnerable people.** You can truly feel the difference when you walk through our doors.

The area is great for families. The climate is temperate and affords multiple outdoor sports and activities for all ages. We are at the confluence of the Snake, Yakima and Columbia Rivers. Water sports, golf and hiking are very popular. Tri-Cities is three hours from Seattle and Portland and two hours from Spokane.

The local economy is the strongest in the state of Washington. Pasco is the fastest growing city in the state, and is among the fastest growing in the country. Agriculture is a large part of the Tri-Cities economy, as are the areas of science and technology. The area has the highest number of PhDs per capita in the nation and has top rated schools in both the public and private sectors.

Our community is nearly 300,000 in population. The Tri-Cities is in the heart of wine country with more than 200 wineries within a one-hour drive.
